## Foreword | KILIFAIR Promotion

Dear valued Exhibitors, Travel Agents, and Tour Operators,

It is our great pleasure to welcome you to the “My Tanzania” Roadshow – Northern Europe (Scandinavia). This marks our 3<sup>rd</sup> time organizing the Roadshow along this route, and our excitement continues to grow with each edition.

In March 2026, our Roadshow delegation will include 30 exhibiting companies, featuring 26 from Tanzania and Zanzibar, two from Kenya, one from Uganda, and one from Rwanda. Together, we will engage with approximately 150 to 200 travel agents across four major cities: Hamburg (Germany), Copenhagen (Denmark), Oslo (Norway), and Stockholm (Sweden).

Germany and the Northern Countries of Scandinavia are among the “top source” markets for Tanzania. These regions offer tremendous potential for attracting high-spending tourists to Tanzania Mainland, Zanzibar, and the broader East Africa region. The support we consistently receive from Tanzanian embassies and their ambassadors in these countries plays a significant role in increasing tourist numbers from these markets.

Tanzania Mainland, the islands of Zanzibar, and our neighboring East African countries remain booming destinations for European travelers. With daily flights from many major European cities, East Africa is easily accessible - just 8 to 9 hours away by air, and with only a one-hour time difference. Airlines such as Ethiopian Airlines, KLM, Turkish Airlines, Qatar Airways, and Condor make travel convenient and comfortable.

The 30 companies participating in our Roadshow include government organizations such as TTB, TANAPA, ZCT, and NCAA, are all trusted, reliable, and highly experienced partners who are eager to collaborate with partners in Europe. We encourage you to take your time to meet with them and make the most out of this opportunity.

We extend a special thank you to the governments of Tanzania Mainland and Zanzibar, as well as our long-term Premium Partner, MB Homes/Zanzibar, for their unwavering support of all our Roadshow activities & events.

Tanzania is truly “unforgettable,” renowned worldwide for its breathtaking landscapes - mountains, beaches, and wildlife - as well as its rich and diverse cultures

# Foreword | Tanzania Tourist Board

Greetings from the world's Leading Safari Destination.

Tanzania stands today as one of the world's most celebrated and trusted travel destinations, renowned for the authenticity, scale, and protection of its extraordinary natural and cultural treasures. This special magazine edition marks a defining moment as Tanzania continues to shine on the global stage following historic recognition at the World Travel Awards.

Crowned both the World's Leading Safari Destination and Africa's Leading Safari Destination, Tanzania offers an unrivalled blend of iconic landscapes, rich heritage, and extraordinary wildlife. At the heart of this success is Serengeti National Park, the World's Leading National Park for nearly a decade and home to the legendary Great Wildebeest Migration.

Beyond the Serengeti, Tanzania's diversity is unmatched—from Mount Kilimanjaro, Africa's highest peak, to the Ngorongoro Crater, a UNESCO World Heritage Site, and the vast wilderness areas of Ruaha, Nyerere, and Tarangire, which offer immersive and low-impact safari experiences.

Along the Indian Ocean, Zanzibar and Mafia Island provide a perfect balance of culture, luxury, and marine adventure, including world-class diving and year-round encounters with whale sharks. These natural wonders are complemented by an outstanding range of world-class lodges, resorts, and heritage hotels that combine comfort, sustainability, and authentic African design.

As host of the Africa & Indian Ocean World Travel Awards and co-host of AFCON 2027, Tanzania continues to rise as a leader in global tourism, events, and hospitality. Tourism remains a pillar of the national economy, empowering communities and preserving heritage while inviting the world to experience something truly unforgettable.

Karibu Tanzania.  
Tanzania Unforgettable.

# Foreword | Zanzibar commission for Tourism

Greetings from the Zanzibar Commission for Tourism.

It is a pleasure for Zanzibar to participate in the "My Tanzania" Roadshow 2026 - Northern Europe. Europe remains one of Zanzibar's top tourism markets, and this Roadshow provides an excellent platform to engage with tour operators, travel partners, and key stakeholders while highlighting the unique appeal of the Zanzibar Archipelago.

Zanzibar is not just a destination but an experience, offering travellers a rich combination of sights, sounds, and flavours that create lasting memories. From the pristine white-sand beaches and turquoise waters of Unguja, to the historic charm of Stone Town, vibrant local culture, and world-class hospitality, Zanzibar delights every sense. Equally enchanting is Pemba Island, known as the "Green Island" for its lush hills, dense forests, and fertile spice farms, offering secluded beaches, diving spots, and authentic rural experiences that appeal to travellers seeking tranquillity and adventure.

Through initiatives like the "My Tanzania Roadshow, we aim to strengthen our connections with European partners, showcase new tourism products, and promote responsible and sustainable tourism practices that preserve the natural and cultural heritage of both Unguja and Pemba. This Roadshow is an important platform for collaboration, knowledge exchange, and positioning Zanzibar as a premier, must-visit experience in East Africa.

The Zanzibar Commission for Tourism is proud to support this initiative and looks forward to welcoming European travellers to explore the beauty, authenticity, and warmth of our islands. We are confident that this Roadshow will foster stronger partnerships and inspire new journeys to Zanzibar and Pemba.

## Africa Amini Life – Experiences with Impact

Africa Amini Life offers three unique accommodations in Northern Tanzania: Original Maasai Lodge, Maasai Sacred Site and Hillside Retreat. Together they create a triangle of experiences rooted in two cultures — the Maasai and Meru tribes — set between Mount Kilimanjaro and Mount Meru.

Your guests will experience authentic cultural immersion combined with comfort, full board stays, meaningful activities and a strong social impact. Every guest stay directly supports education, healthcare and community projects through our NGO. Africa Amini Life is ideal as a cultural start or end to any safari — offering guests true connection, purpose and unforgettable experience.

## Luwela Serengeti Camps

Luwela Camp is an intimate, stylish tented camp set on the lower slopes of Makoma Hill in the Central Serengeti—an area famed for year-round wildlife and sweeping, cinematic views over the plains. The camp's position between the long-grass Makoma Plains and nearby kopjes places guests in classic big-cat country (lion, leopard, cheetah) alongside giraffe, buffalo, hyena and abundant plains game, with reliable sightings in all seasons thanks to permanent water in the broader Seronera valley.

From this vantage, guests often witness the Great Migration as herds drift into Central Serengeti around April–May on their northward push, and again in November–December as they return south—an extraordinary backdrop to sunrise coffee or sundowners on the hill.

# Shaping Zanzibar's Prime Future

*MB Homes is proud to play a role in shaping the island's real estate landscape, creating sustainable communities that enrich the lives of residents and investors alike.*

## Marketing Insights. Why now?

### 1. Zanzibar Is Transitioning From "Emerging" to "Established"

Zanzibar is entering a key growth phase where early investors can secure value before full market maturity. Rapid infrastructure development and limited land availability in prime areas support long-term appreciation.

### 2. Tourism Growth Is Structurally Strong (Not Seasonal Hype)

Tourism demand is diversified and supported by new international flight routes and government focus on high-value tourism. Growth in long-stay visitors ensures stable, year-round demand.

### 3. Stronger Government Support, Greater Investor Confidence

Clearer regulations, structured land ownership, and long-term leases have strengthened investor confidence. The ZIPA One-Stop Centre streamlines permits, registrations, and residency approvals, creating a transparent investment environment.

### 4. Rental Yields Outperform Many Mature Markets

Zanzibar offers higher rental yield potential than many mature markets, driven by strong demand for holiday rentals and serviced apartments with USD-based returns.

## **Unforgettable Tanzania**

Tanzania is considered the “cradle of humanity,” and still offers today’s travelers an authentic Africa. The Serengeti, Africa’s largest nature reserve, or the Ngorongoro Crater, often called the “eighth wonder of the world,” are testament to timeless fascination. With 16 + 6 new national parks and just as many nature reserves, Tanzania offers a once-in-a-lifetime safari experience with the single greatest population of large mammals in all of Africa.

The white summit of Kilimanjaro makes Tanzania the country with the highest mountain in Africa, and with a part of Lake Victoria, it also has access to the second largest fresh water lake on earth.

The picturesque Usambara Mountains or the Oldoinyo Lengai volcano to name just two, are natural wonders beyond compare. Tanzania is also a true mosaic of ethnic and historical richness, with unforgettable Cultural adventures. For Sun worshippers the coastal region around Tanga and Dar es Salaam, or the Arabic-influenced Spice Islands Zanzibar and Pemba are ideal recommendations. For more info check [www.tanzaniaparks.go.tz](http://www.tanzaniaparks.go.tz).

## **Unforgettable Safaris**

Tanzania is simply Africa’s No. 1 Safari destination. No other country in Africa has named more than 1/3 of its total area (over 300,000 km<sup>2</sup>) as nature reserves. There are 21 national parks, one nature preserve Ngorongoro Conservation Area, few wildlife reserves (e.g. Selous Wildlife Reserve) and the world-famous Serengeti National Park, known for its annual migration of over 1.5 million white-bearded (or brindled) wildebeest and 250,000 zebras and for its numerous Nile crocodile and honey badger.

All national parks are administered and monitored by TANAPA (Tanzania National Park Authority) with highest priority on conservation of wildlife and the continuing improvement to park infrastructure. Tanzania’s national parks are not fenced, allowing free movement of wildlife and native people at any time. For more info check [www.tanzaniatourism.go.tz](http://www.tanzaniatourism.go.tz).

### **Unforgettable Mountain Trekking**

Tanzania offers the highest mountain in Africa - Mt. Kilimanjaro (5,895 m). It's also the tallest freestanding mountain in the world. The second highest Mountain of the country is Mt. Meru, in the heart of Arusha National Park, and with 4,566 meter even the 5th highest peak on the African continent. Many more Trekking options & regions such as in the Ngorongoro Highlands, are under development right now to meet the big demand of active tourism.

### **Unforgettable Cultural Tourism**

Tanzania is a true mosaic of ethnic and historical richness with more than 120 different tribes and languages. Through the mix of centuries-old cultures and colonial occupation there are African, Arabic, Indian, and European influences in every corner of the country. The northern part of Tanzania is home to the "ancient Maasai" people, whose legendary traditions are re-affirmed when meeting them in person. The southern part of the well-known Ngorongoro Nature Preserve is home of the small statured "Hazabe" tribe -also known as "Bushmen". Tanzania provides certainly an "unforgettable" Cultural experience. For more info please check - [www.tanzaniaculturaltourism.com](http://www.tanzaniaculturaltourism.com)

### **Unforgettable Beach Holidays**

Zanzibar is one of the most well-known "paradise islands" in the Indian Ocean. It's a small island group that lies about 36 km off the coast of Tanzania. It consists of the main island Zanzibar, called Unguja Island, the island of Pemba in the north, and many smaller atolls. Unguja, the main Zanzibar island, is a real jewel in the Indian Ocean, whose palm tree-lined sandy beaches, timeless fishing villages, spice plantations, and colorful markets contribute to the extreme fast growing tourism over the last trade. Zanzibar in contrast to the Tanzanian mainland, is very strongly influenced by Arab culture, due to the history. Many newly established international standard hotels & direct flights from all over the world make Zanzibar a most "unforgettable" beach destination in Africa.
