Foreword | KILIFAIR Promotion

Dear valued Exhibitors,
Travel Agents & Tour Operators,

It is with great pleasure to welcome you to the
“My Tanzania” Roadshow – Central & Southern Europe.

During this October 2023, our Roadshow delegation of 27
exhibiting companies will meet approximately 120-150
travel agents in Munich (Germany), Geneva (Switzerland),
Lyon (France) and Milan (Italy).

In 2022, France secured the No.2 key source market for tourists in Tanzania with more than 100,000 tourists. Germany closely followed at No.3, with an impressive influx of over 67,000 visitors. Switzerland and Italy are also emerging as noteworthy players, with a combined total of more than 63,000 visitors in 2022. This consistent growth positions them as the most potential markets for fresh connections. It's reason enough to increase marketing efforts and frequent presence in the mentioned countries by visiting travel agents and tour operators face to face.

Tanzania mainland and its islands of Zanzibar are booming destinations for European travelers. With daily flights from most main European metropolises, Tanzania can be reached in just 8 to 9 hours flight time and with only 1 hour of time difference.

The 27 Roadshow attending companies including the government organizations (TTB, TANAPA, NCAA and ZCT) are all trusted, reliable and the most experienced partners to work with. Take your time to meet them and make the most out of it.

A special Thank You goes to the governments of Tanzania Mainland & Zanzibar, for supporting us in all Roadshow activities throughout.

TANZANIA is certainly “unforgettable” and world-famous for its landscapes (mountains, beaches and wildlife) and its diverse cultures.

Welcome to TANZANIA!

Moivaro Lodges & Tented Camps

Moivaro Lodges and Tented Camps has 15 properties on the mainland of Tanzania and on Zanzibar. All Moivaro properties are renowned for their strategic locations at or nearby places of interest for tourists in Africa, mostly set in a natural environment. For example nearby national parks, beaches or so called 'transit cities'. The properties can be divided in three categories: urban and suburban lodges, Bush lodges and tented camps, and beach resorts.

The accommodations differ in size, type, luxury-range and atmosphere, but they are the same in the sense that they always try to provide a 'local African experience'. The aim is to emphasise the local culture, habits and surroundings by the setting, construction and operation of the lodges. As much as possible local products are used for constructing, cooking and decoration, and local staff is employed. All Moivaro properties include a restaurant and bar service, and offer a varied range of activities that can be booked in advance, or at the lodge itself.

TANZANIA

Unforgettable!

Unforgettable Tanzania

Tanzania is considered the “cradle of humanity,” and still offers today’s travelers an authentic Africa. The Serengeti, Africa’s largest nature reserve, or the Ngorongoro Crater, often called the “eighth wonder of the world,” are testament to timeless fascination. With 16 + 6 new national parks and just as many nature reserves, Tanzania offers a once-in-a-lifetime safari experience with the single greatest population of large mammals in all of Africa.

The white summit of Kilimanjaro makes Tanzania the country with the highest mountain in Africa, and with a part of Lake Victoria, it also has access to the second largest fresh water lake on earth.

The picturesque Usambara Mountains or the Oldoinyo Lengai volcano to name just two, are natural wonders beyond compare. Tanzania is also a true mosaic of ethnic and historical richness, with unforgettable Cultural adventures. For Sun worshippers the coastal region around Tanga and Dar es Salaam, or the Arabic-influenced Spice Islands Zanzibar and Pemba are ideal recommendations. For more info check www.tanzaniaparks.go.tz.

Unforgettable Safaris

Tanzania is simply Africa’s No. 1 Safari destination. No other country in Africa has named more than 1/3 of its total area (over 300,000 km²) as nature reserves. There are 22 national parks, one nature preserve Ngorongoro Conservation Area, few wildlife reserves (e.g. Selous Wildlife Reserve) and the world-famous Serengeti National Park, known for its annual migration of over 1.5 million white-bearded (or brindled) wildebeest and 250,000 zebras and for its numerous Nile crocodile and honey badger.

All national parks are administered and monitored by TANAPA (Tanzania National Park Authority) with highest priority on conservation of wildlife and the continuing improvement to park infrastructure. Tanzania’s national parks are not fenced, allowing free movement of wildlife and native people at any time. For more info check www.tanzaniatourism.go.tz.

Unforgettable Mountain Trekking

Tanzania offers the highest mountain in Africa - Mt. Kilimanjaro (5,895 m). It's also the tallest freestanding mountain in the world. The second highest Mountain of the country is Mt. Meru, in the heart of Arusha National Park, and with 4,566 meter even the 5th highest peak on the African continent. Many more Trekking options & regions such as in the Ngorongoro Highlands, are under development right now to meet the big demand of active tourism.

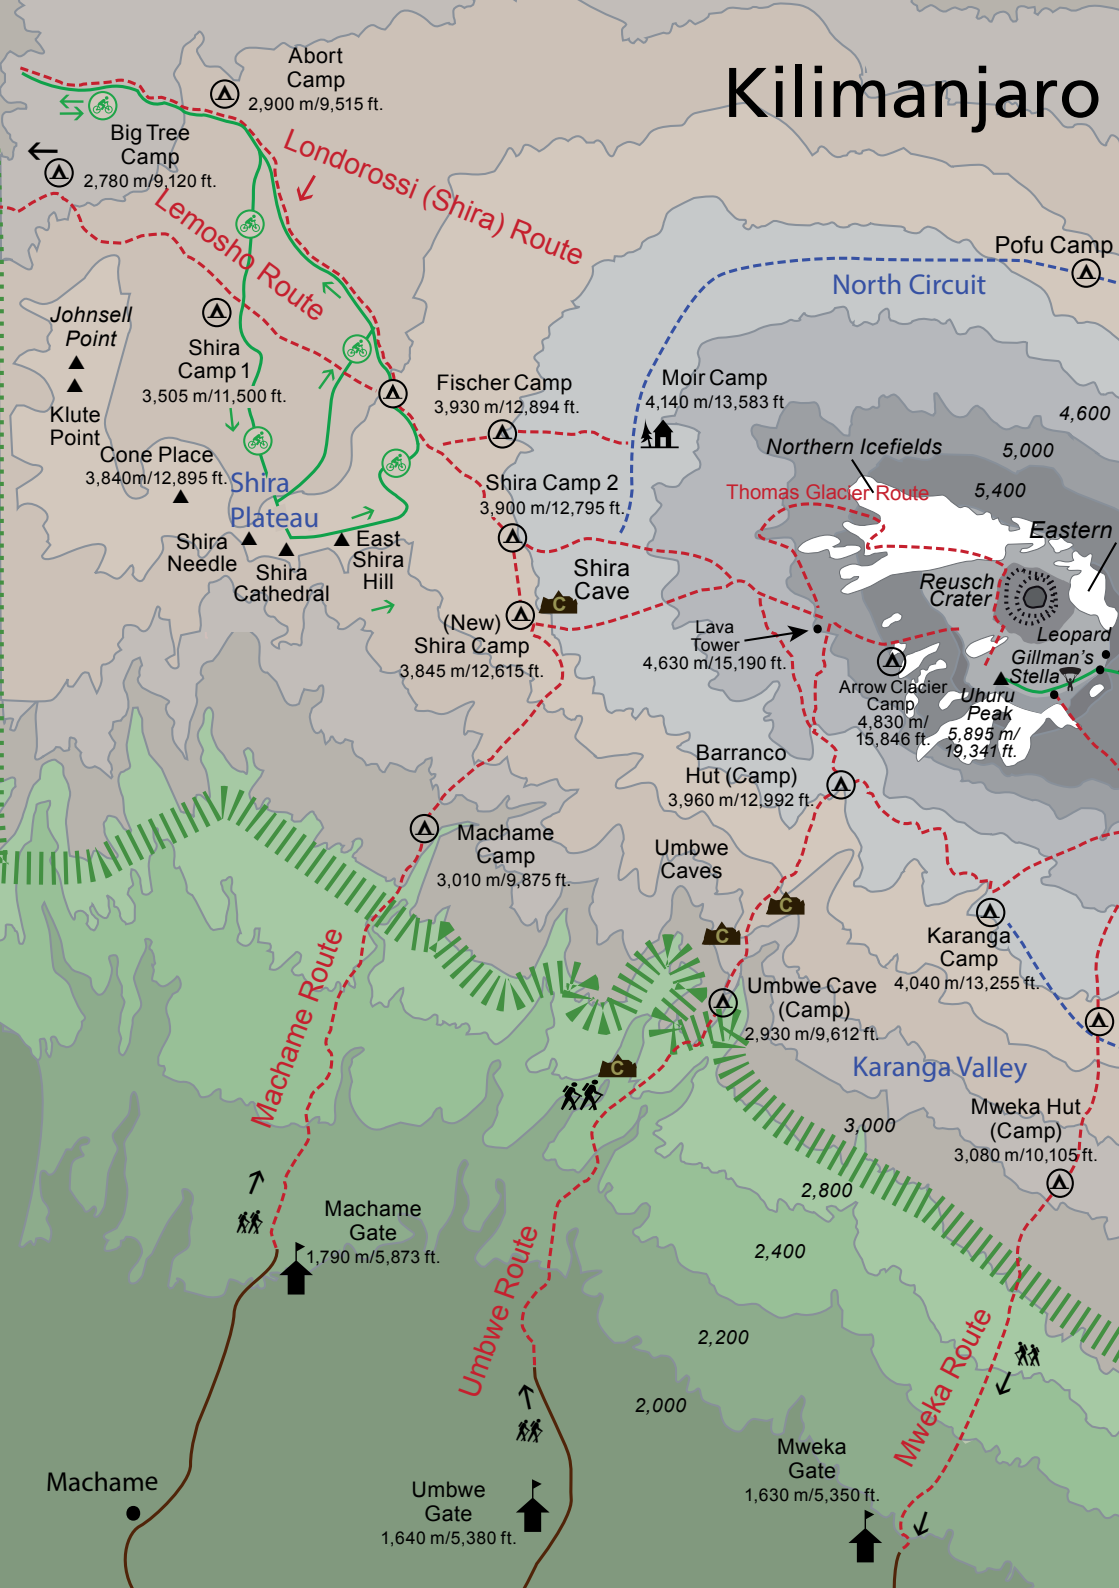

Unforgettable Cultural Tourism

Tanzania is a true mosaic of ethnic and historical richness with more than 120 different tribes and languages. Through the mix of centuries-old cultures and colonial occupation there are African, Arabic, Indian, and European influences in every corner of the country. The northern part of Tanzania is home to the "ancient Maasai" people, whose legendary traditions are re-affirmed when meeting them in person. The southern part of the well-known Ngorongoro Nature Preserve is home of the small statured "Hazabe" tribe -also known as "Bushmen". Tanzania provides certainly an "unforgettable" Cultural experience. For more info please check - www.tanzaniaculturaltourism.com

Unforgettable Beach Holidays

Zanzibar is one of the most well-known "paradise islands" in the Indian Ocean. It's a small island group that lies about 36 km off the coast of Tanzania. It consists of the main island Zanzibar, called Unguja Island, the island of Pemba in the north, and many smaller atolls. Unguja, the main Zanzibar island, is a real jewel in the Indian Ocean, whose palm tree-lined sandy beaches, timeless fishing villages, spice plantations, and colorful markets contribute to the extreme fast growing tourism over the last trade. Zanzibar in contrast to the Tanzanian mainland, is very strongly influenced by Arab culture, due to the history. Many newly established international standard hotels & direct flights from all over the world make Zanzibar a most "unforgettable" beach destination in Africa.
